DETAILED ACTION

Response to Amendment

1. The amendments received on 02/06/2006 has been received and entered in the case. The previous prior art rejections, mailed on 11/02/05, have been withdrawn in view of Applicant's amendments. The case is found to be in allowance condition for the reasons as set for below.

REASON FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or fairly suggest a delay locked loop (200 in instant Fig. 2), as recited in claim 1, having specific structural limitations such as a delay control circuit coupled to the primary delay line; at least one configuration memory cell coupled to the delay control circuit; wherein the delay control circuit adjusts delay of the delay elements of the primary delay line in response to the at least one configuration memory cell a voltage distribution line, wherein the first voltage terminal is coupled to the voltage distribution line for operating the delay locked loop in a high frequency mode when the at least one configuration memory cell stores a first data value; and wherein the second voltage terminal is coupled to the voltage distribution line for operating the delay locked loop in a low frequency mode when the at least one configuration memory cell stores a second data value, and being configured in combination with the rest of the limitations of the base claims and any intervening claims. Furthermore, the base claim 16 is allowed for similar reasons; note the above statement of reasons for allowance; and the statement of reasons for allowance of base claim 20 can be found in a prior Office Action mailed on 11/02/2005.

Art Unit: 2816

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
